

WHAT IS
YOUR
SOLUTION
FOR
SURGICAL
SMOKE?

SAF-T-VAC[®]

Smoke and Fluid Evacuator

**NO CAPITAL
EXPENSE**

**UNIVERSAL
INTEGRATION**

EASE OF USE

Because Saf-T-Vac works with all O.R. suction units there is no need to buy additional equipment and costs less per procedure than competitors.

The Saf-T-Vac is universally compatible with the electro-scalpel your surgeon prefers to use. It is also single use and disposable.

Saf-T-Vac's sleek ergonomic design is easy to set-up, and does not impede the surgeon's dexterity or field of vision.
